## Language

Norwegian

English

## Experience

2022 - Current

Lillestrøm

**Nurse supervisor**

I am currently working as a nurse supervisor in a care facility for people with dementia, in charge of the staff being up to date with all knowledge to provide at the best of their ability.

2019 - 2022

Oslo kommune

**Caseworker**

I worked mostly with cases from elderly living at home needing help with day to day care, needing a place in a care facility or just some help with cleaning and everyday life.

2013- 2019

Oslo kommune  
hjemmetjenesten

**Nurse**

I worked with people of all ages needing help in their homes if they struggled with tasks such as personal hygiene, medication management, or meal preparation. My role involved assessing their individual needs and coordinating with healthcare professionals to ensure they received comprehensive and personalized care.

## Education

Jan 2025 - Dec 2026

Noroff Education AS

**Front-end developer**

I started front-end development because I fell in love with making changes that could be seen and interacted with by users in real-time. The immediacy of seeing my code come to life on a webpage was exhilarating, and I found great satisfaction in creating intuitive and visually appealing interfaces.

2017 - 2018

Høgskolen i Østfold

**Healthcare law and case handling**

I took this degree to get a deeper understanding around the law within healthcare. It also equipped me with the skills necessary to navigate challenging ethical situations, making informed decisions that prioritize patient well-being and safety.

2012 - 2016

Lovisenberg Diakonale  
høgskole

**Bachelor of Science in Nursing**

I took my Bachelor of Science in Nursing at the highly praised Lovisenberg where I fell in love with healthcare and the combination of science, compassion, and critical thinking it requires.
